**LOCATION:** Wausau, Marathon County

**PROJECT REQUEST:** DMA is requesting release of \$15,000 Building Trust Funds – Planning to prepare preliminary plans and a design report for the “WAUSAU Repair Asphalt” project.

**PROJECT NUMBER:** 1311F

**PROJECT DESCRIPTION:** This project will repair approximately 6,200 square yards of asphalt pavement at the Wausau Armory. In addition, the project will repair sidewalk concrete access apron and curb and gutter at both street entrances. All associated pavement striping is also included in the scope.

The project will also include a property boundary survey. The boundary survey will be utilized to determine property limits and if DMA parking areas encroach onto adjacent property. If parking areas are determined to extend to neighboring property, project will include asphalt removal and site restoration.

**PROJECT JUSTIFICATION:** The parking lot deficiencies can no longer be repaired/maintained by cracksealing and infrared heat patching. A more thorough repair/replacement project is necessary to rehabilitate the facilities.
