DFD CONTACT: Tricia Etzler, 608-261-2435, tricia.etzler@wisconsin.gov

LOCATION: Madison, Dane

PROJECT NUMBER: 15F1Y

PROJECT DESCRIPTION:

The purpose of the project is to provide adequate space and protection for existing vehicles and equipment to maintain mission readiness. The scope of work includes a new, 10,000 sf military vehicle storage building (MVSb) at the new, undeveloped parcel of land to the northeast. The structure is proposed to match the other structures in the AFRC complex and will consist of brick and block masonry construction. The MVSb is to be an unheated building. Work will include necessary rigid and flexible pavement access ways and entrance aprons. Lighting and ventilation are required and are to meet energy efficiency requirements to the fullest extent possible. Antiterrorism/Force Protection measures are to be included in the project.

PROJECT JUSTIFICATION:

Military vehicle parking for WIARNG vehicles and equipment is currently spread across multiple locations. Storing the vehicles and equipment outdoors and at multiple sites has impacted readiness, reduced response times, and has negatively impacted their overall operational lifespan.

BUDGET/SCHEDULE:

	State	Federal	Total
Construction	\$	\$	\$
Design	\$	\$	\$
DFD Mgt	\$	\$	\$
Contingency	\$	\$	\$
TOTAL	\$0	\$1,070,300	\$1,070,300

A/E Selection	JUN 2015
Design Report	JAN 2016
SBC Approval	FEB 2016
Bid Opening	JAN 2017
Start Construction	APR 2017
Substantial Completion	NOV 2017
Final Completion	DEC 2017

PREVIOUS ACTION:

The scope, budget, and timeline for the project were developed by A/E on call including a Program Statement completed in May 2015.
